

Infographic Directions:

Choose one item from the list below and create an infographic including all of the required facts and information.

- Plastic Shopping Bags
- Plastic Bottle
- Plastic Bottle Caps
- Plastic Straws
- Soda Can
- Fishing Line

Requirements- Your infographic MUST include:

- Title
- 5 sections minimum
- 3 of the 5 sections must be:
 - Effects on the ocean and ocean life
 - How much of this item (how many) are used in the US
 - Ways to recycle and/or ways to avoid using them
- Color Pictures for every section of info
- Detailed information for each section
- Resources cited on the back of the graphic

Examples of other sections to include for your infographic:

- TIME: How long it takes for this product to breakdown vs how long to make it
- MAPS: World Maps with data showing who uses this item or how much of this item is used by country
- NEGATIVE EFFECTS: Specific Animals it harms and statistics of those animals vs the effects on humans
- COSTS:
 - Costs associated with manufacturing these products
 - Costs associated with cleaning up this pollution product
 - Costs to replace this product with alternative items
- LAWS OR BANS: List out or create a timeline of laws passed for or against the items being used
- Anything else you can think of as long as you find the data and cite it!!!!
